OFFICE OF PETITIONS

DECLARATION OF ROBERT BUCKLEY

I, Robert Buckley, declare that I am the attorney of record in this matter and the facts stated below are true of my own personal knowledge.

1. The joint inventor Glen Edward Ivey originally refused to sign the declaration.
2. A petition under 37 CFR 1.47(a) with respect to Mr. Ivey was denied.
3. Thereafter I began an email correspondence with Mr. Ivey in an effort to obtain his signature on this application and several other applications.
4. At first Mr. Ivey continued to refuse to cooperate. He informed me that he had grievances with UNIQA, Inc. (the assignee), and that his lack of cooperation was in response to those grievances rather than to the substance of the patent applications and declarations.
5. The correspondence was tedious, and at times unpleasant. But I was patient and persistent, and eventually Mr. Ivey agreed to sign all the declarations including the declaration in this matter.
6. The entire correspondence was conducted using email and all those emails were lost last year when I experienced several computer failures. No paper copies are available.
7. The 3-page declaration signed by Mr. Ivey in this matter is a copy of the original document he signed. That original contained each of the pages present in the filed document. The pages were arranged in the order they are numbered (1 – 3). The original Declaration has been filed earlier in this matter and is no longer available to the declarant.

Declaration of Robert Buckley in Ser. No. 09/902,986

I declare under penalty of perjury that the foregoing is true and correct of my own knowledge, except those matters stated on the basis of information and belief, and I believe those to be true. This declaration is executed at Livermore, California on 01/09/2003.
